

Policy regarding withdrawal of pupils from Physical Education

On occasions when a pupil is not able to participate in Physical Education for a short period of one to two lessons, parent/guardians should write a letter explaining the circumstances to the Principal Teacher of Physical Education.

Withdrawal periods in excess of this should be discussed with the school's senior leadership team who will make appropriate arrangements. Such requests must be supported by a medical certificate.

In the event of the withdrawal continuing into a new school session, the medical certificate must be renewed each August.

The school will support pupils withdrawn from PE by facilitating discussion between pupils and their parents with the School Nurse or School Doctor regarding health and fitness plans which meet individual needs.
